Little Corona Del Mar Beach

Cameo Shores Beach

## WHAT IS A WATERSHED?

A watershed is the land area that channels rainfall to creeks, streams, rivers, and eventually to reservoirs, bays, and the ocean.

### Newport Coastal Streams Watershed at a glance:

- 14 square miles
- Begins south of California State Route 73
- Coastal streams discharge to the Pacific Ocean throughout this watershed.

### Cities in the Watershed:

- Newport Beach

### Also includes:

- Orange County Flood Control District
- Unincorporated Orange County

Pacific Ocean
